BIOMETRIKA

A JOURNAL FOR THE STATISTICAL STUDY OF BIOLOGICAL PROBLEMS

FOUNDED BY

W. F. R. WELDON, FRANCIS GALTON AND KARL PEARSON

EDITED BY

EGON S. PEARSON

IN CONSULTATION WITH

HARALD CRAMÉR J. B. S. HALDANE

MAJOR GREENWOOD G. M. MORANT

JOHN WISHART

VOLUME XXIX

1937

ISSUED BY THE BIOMETRIKA OFFICE
UNIVERSITY COLLEGE, LONDON
AND PRINTED AT THE
UNIVERSITY PRESS, CAMBRIDGE

PRINTED IN GREAT BRITAIN

CONTENTS OF VOLUME XXIX

Memoirs

		PAGES
I.	A Contribution to Eskimo Craniology based on Previously Published Measurements. By G. M. Morant. With one Figure in the Text	1—20
II.	On the z-Test in Randomized Blocks and Latin Squares. By B. L. Welch. With six Figures in the Text	21—52
III.	Some Aspects of the Problem of Randomization. By E. S. Pearson	53—64
IV.	The Distribution of the Ratio of Covariance Estimates in Two Samples drawn from Normal Bivariate Populations. By H. O. Hirschfeld	65—79
V.	A Contribution to the Biometric Study of the Human Mandible. By Frank H. Cleaver. With five Plates and one Figure in the Text	80—112
VI.	A Biometric Study of the Human Malar Bone. By T. L. Woo. With four Figures in the Text and two folding Tables	113—123
VII.	The Sampling Distribution of the Criterion λ_{H_1} when the Hypothesis Tested is not True. Editorial Note. I. Note on the General Sampling Moments of λ_{H_1}. By S. S. Wilks. II. An Investigation into the Adequacy of Dr Wilks's Curves. By Catherine M. Thompson. With two Figures in the Text	124—132
VIII.	The Exact Value of the Moments of the Distribution of χ^2, used as a Test of Goodness of Fit, when Expectations are Small. By J. B. S. Haldane	133—143
IX.	Tests of Goodness of Fit applied to Records of Mendelian Segregation in Mice. By Hans Grüneberg and J. B. S. Haldane	144—153
X.	Karl Pearson: An Appreciation of some Aspects of his Life and Work. Part II, 1906–1936. By E. S. Pearson. With six Plates	161—248

PAGES

XI. Bright's Disease, Nephritis and Arterio-Sclerosis: A Contribution to the History of Medical Statistics. By Major Greenwood and W. T. Russell . . . . . 249—276

XII. The London Skull. By Matthew Young. With three Plates and seven Figures in the Text . . . . . 277—321

XIII. Significance Tests which may be Applied to Samples from any Populations. III. The Analysis of Variance Test. By E. J. G. Pitman . . . . . 322—335

XIV. Absence and Recovery Recorded at Irregular Intervals, Illustrated on School Data. By Frank Sandon. With two Figures in the Text . . . . . 336—349

XV. The Significance of the Difference between Two Means when the Population Variances are Unequal. By B. L. Welch. With a Note on an Approximation used by B. L. Welch. By Elizabeth Tanburn. With two Figures in the Text . . . . . 350—362

XVI. Comparison between Balanced and Random Arrangements of Field Plots. By "Student" . . . . . 363—379

XVII. A Note on Some Points in "Student's" Paper on "Comparison between Balanced and Random Arrangements of Field Plots." By J. Neyman and E. S. Pearson. With two Figures in the Text . . . . . 380—388

XVIII. The First Six Moments of χ^2 for an n-fold Table with n Degrees of Freedom when Some Expectations are Small. By J. B. S. Haldane . . . . . 389—391

XIX. The Approximate Normalization of a Class of Frequency Distributions. By J. B. S. Haldane . . . . . 392—404

Miscellanea

(i) An Application of the Method of Maximum Likelihood. By Walter A. Hendricks . . . . 154—155

(ii) Maximum Likelihood and Methods of Estimation. By E. S. Pearson . . . . . 155—156

(iii) A Note on Unbiased Limits for the Correlation Coefficient. By F. N. David. With one Figure in the Text . . . . . 157—160

PAGES

(iv) A Note on a Form of Tchebycheff's Theorem for Two Variables. By P. O. BERGE . . . . . 405—406

(v) Note on J. B. S. Haldane's Paper "The Exact Value of the Moments of the Distribution of χ^2" (*Biometrika*, XXIX, pp. 133–43). By W. G. COCHRAN . 407

List of Plates and Folding Tables

Frank H. Cleaver: A Contribution to the Biometric Study of the Human Mandible.

Plate I. Typical Punjabi and Australian Male Mandibles . *to face page* 112
Plate II. Typical English, Punjabi and Australian Male Mandibles . . . . . „ 112
Plate III. Typical English, Punjabi and Australian Male Mandibles . . . . . „ 112
Plate IV. Contrasted Forms of Australian Mandibles . . „ 112
Plate V. Pathological and Anomalous Australian Mandibles . „ 112

T. L. Woo: A Biometric Study of the Human Malar Bone. Two tables of Constants on one folding sheet . . . „ 116

E. S. Pearson: Karl Pearson: Some Aspects of his Life and Work. Part II, 1933–1936.

Plate IV. A Photograph of Karl Pearson, 1910 . . . „ 161
Plate V. A Caricature of "K.P." from the *Union Magazine*, June, 1907 . . . . . „ 183
Plate VI. Part of the Toast-Card of the Seventh Anniversary Dinner, Galton and Biometric Laboratories, February 22, 1926 . . . . . „ 193
Plate VII. Part of the Toast-Card of the Ninth Anniversary Dinner, Galton and Biometric Laboratories, January 17, 1928 . . . . . „ 221
Plate VIII. Facsimile of a Letter regarding Kirk & Field of July 16, 1924 . . . . . „ 223
Plate IX. Three Snapshots of Karl Pearson, 1928–35 . . „ 235

Matthew Young: The London Skull.

Plate I. The London Skull from the Lateral and Vertical Aspects . . . . . „ 320
Plate II. The London Skull from the Occipital and Internal Aspects . . . . . „ 320
Plate III. Radiographs of the Parietal Bone of the London Skull and of a Seventeenth-Century Londoner . „ 320
